

GREENJET

Save energy and water for our planet

2026 Catalog

ABOUT GREENJET

GREENJET was born in Austria in 2021 from an innovative, then patented technology that allows for more **efficient use of water and energy**.

The ease of incorporating our technology into bathrooms, as well as market-leading optimal results, has led to rapid expansion of the company in Europe and Asia.

GREENJET can now offer, together with its exclusive water-saving nozzle **Made in Austria**, complete bathroom solutions designed and manufactured in **Italy**.

GREENJET embodies sustainability and the creation of unique spaces that combine efficiency, style, and comfort.

THE GREENJET NOZZLE

THE GREENJET NOZZLE IS A PATENTED, TÜV AUSTRIA CERTIFIED TECHNOLOGY THAT **REDUCES WATER AND ENERGY CONSUMPTION IN THE SHOWER BY UP TO 66%**, WHILE MAINTAINING WATER PRESSURE, WHICH PROVIDES OPTIMAL COMFORT.

MANUFACTURED IN A HIGH-PRECISION PLANT IN AUSTRIA, IT CAN BE INSTALLED ON ANY TYPE OF SHOWER

AIR IS SUPPLIED TO THE WATER JET THROUGH SEVERAL AIR CHANNELS TO ENSURE OPTIMAL WATER PRESSURE

THE GREENJET NOZZLE is ideal for hotels, public facilities, residential buildings and private households. It can be **purchased separately** and is adaptable to all showers.

SAVE WATER AND ENERGY CONSUMPTION UP TO 66%

WITHOUT GREENJET

WITH GreenJET

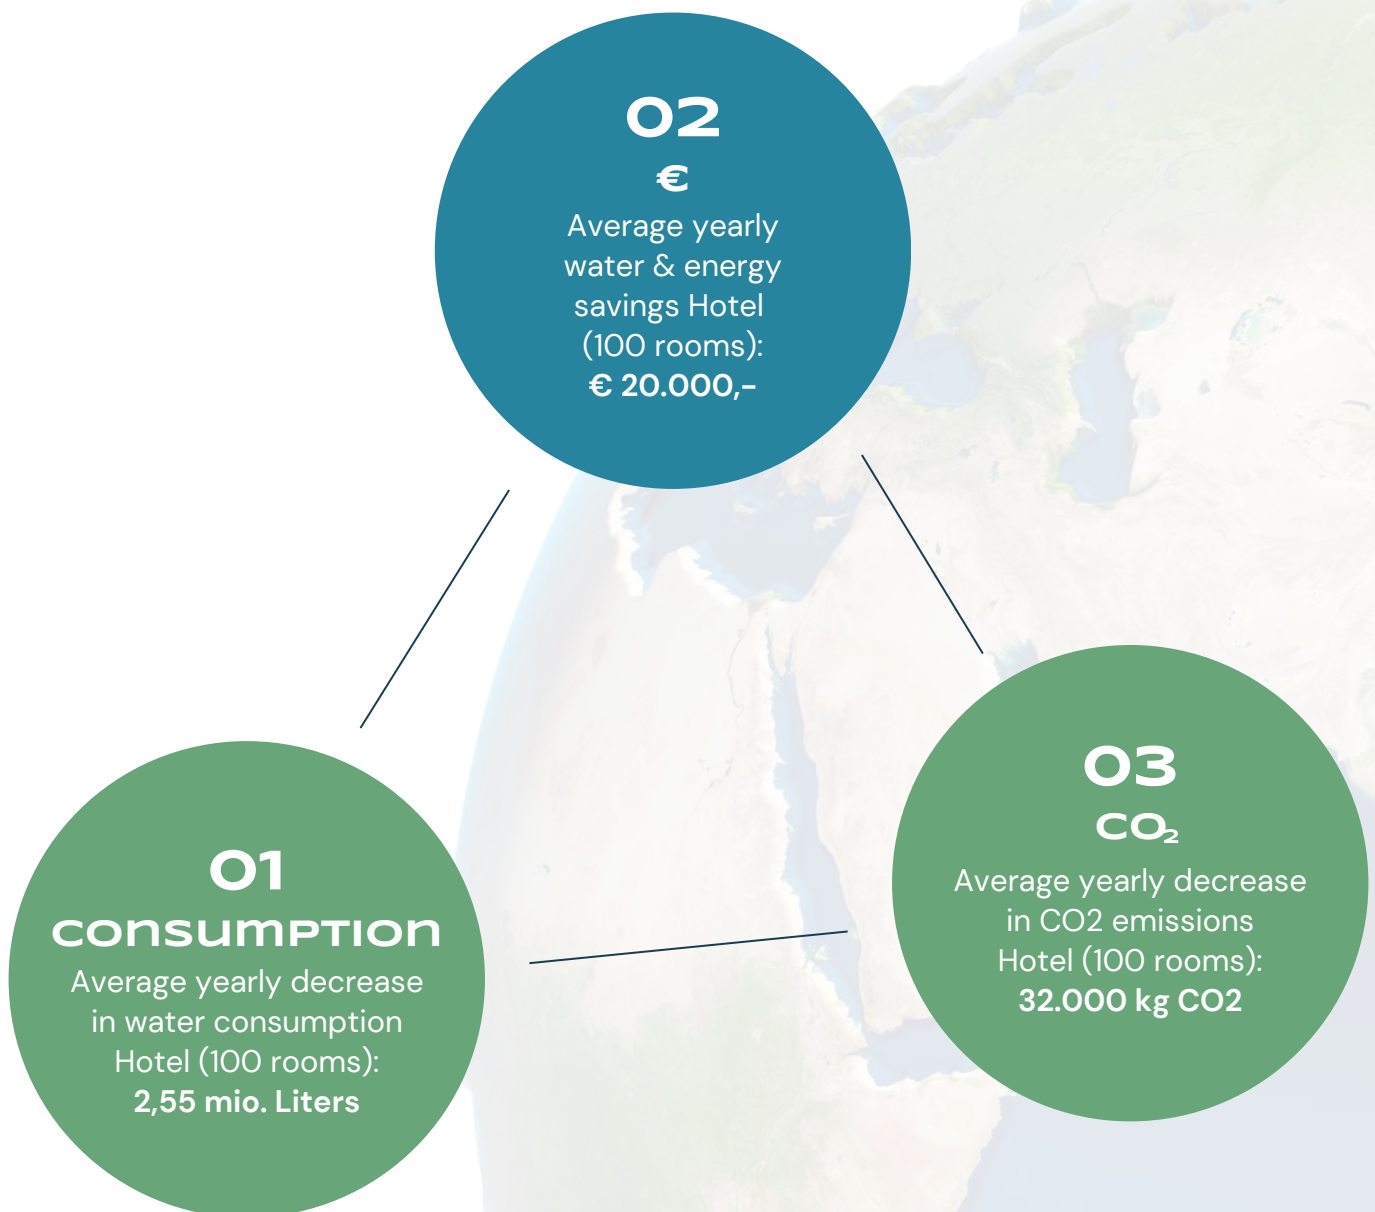

- Easy installation – Plug & Play
- Immediate reduction in water and energy costs
- Immediate reduction of CO2 emissions
- No structural modifications required

- Maintains water pressure
- Maintains shower comfort
- TÜV Austria certified
- 10-year warranty

SAVINGS

With using GREENJET anyone can contribute to environmental protection, while decreasing the individual cost of energy and water.

THE GREENJET NOZZLE ensures an ROI in less than 12 months

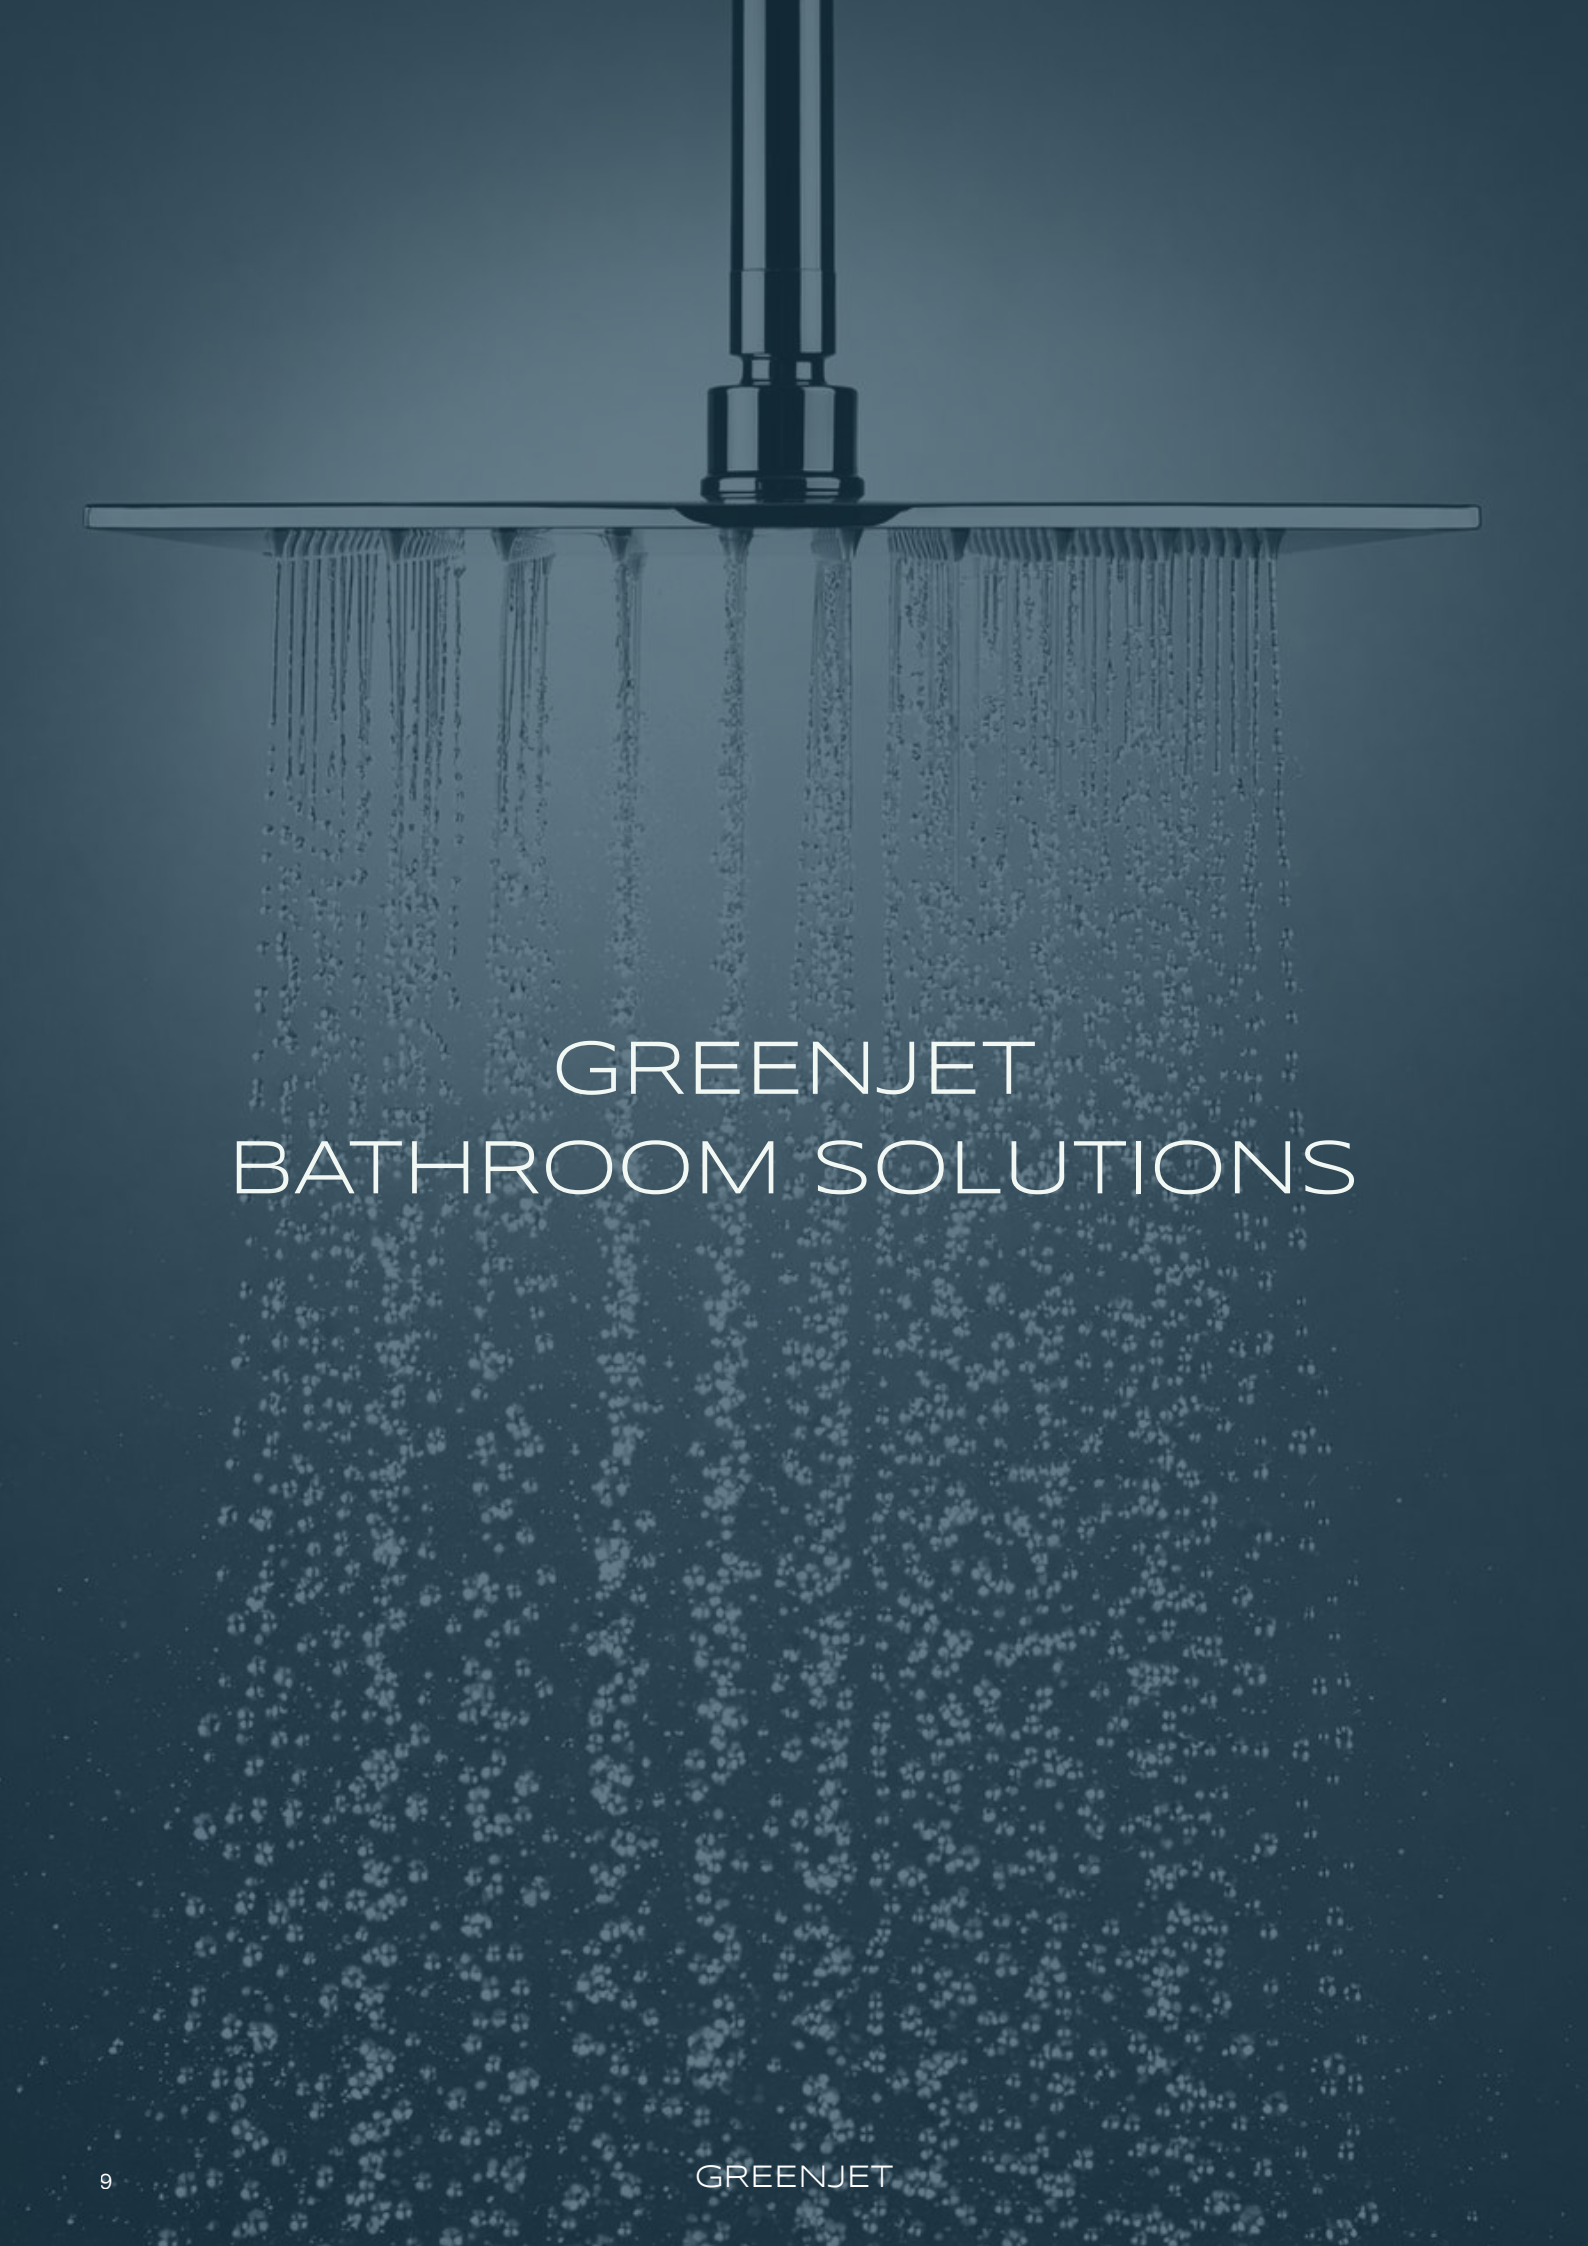

GREENJET FAUCET AERATOR

GREENJET OFFERS A HIGHLY EFFICIENT RANGE OF AERATORS COMPATIBLE WITH ANY TAP, COMBINING MAXIMUM WATER SAVINGS WITH ENHANCED COMFORT AND PERFORMANCE.

ENABLES **WATER SAVINGS** OF UP TO **70%**, OUTPERFORMING ANY OTHER PRODUCT ON THE MARKET.

GREENJET BATHROOM SOLUTIONS

MILANO

Decorative taps designed as decorative items supplying water. Understated elegance, conveying a sense of solidity designed to stand the test of time.

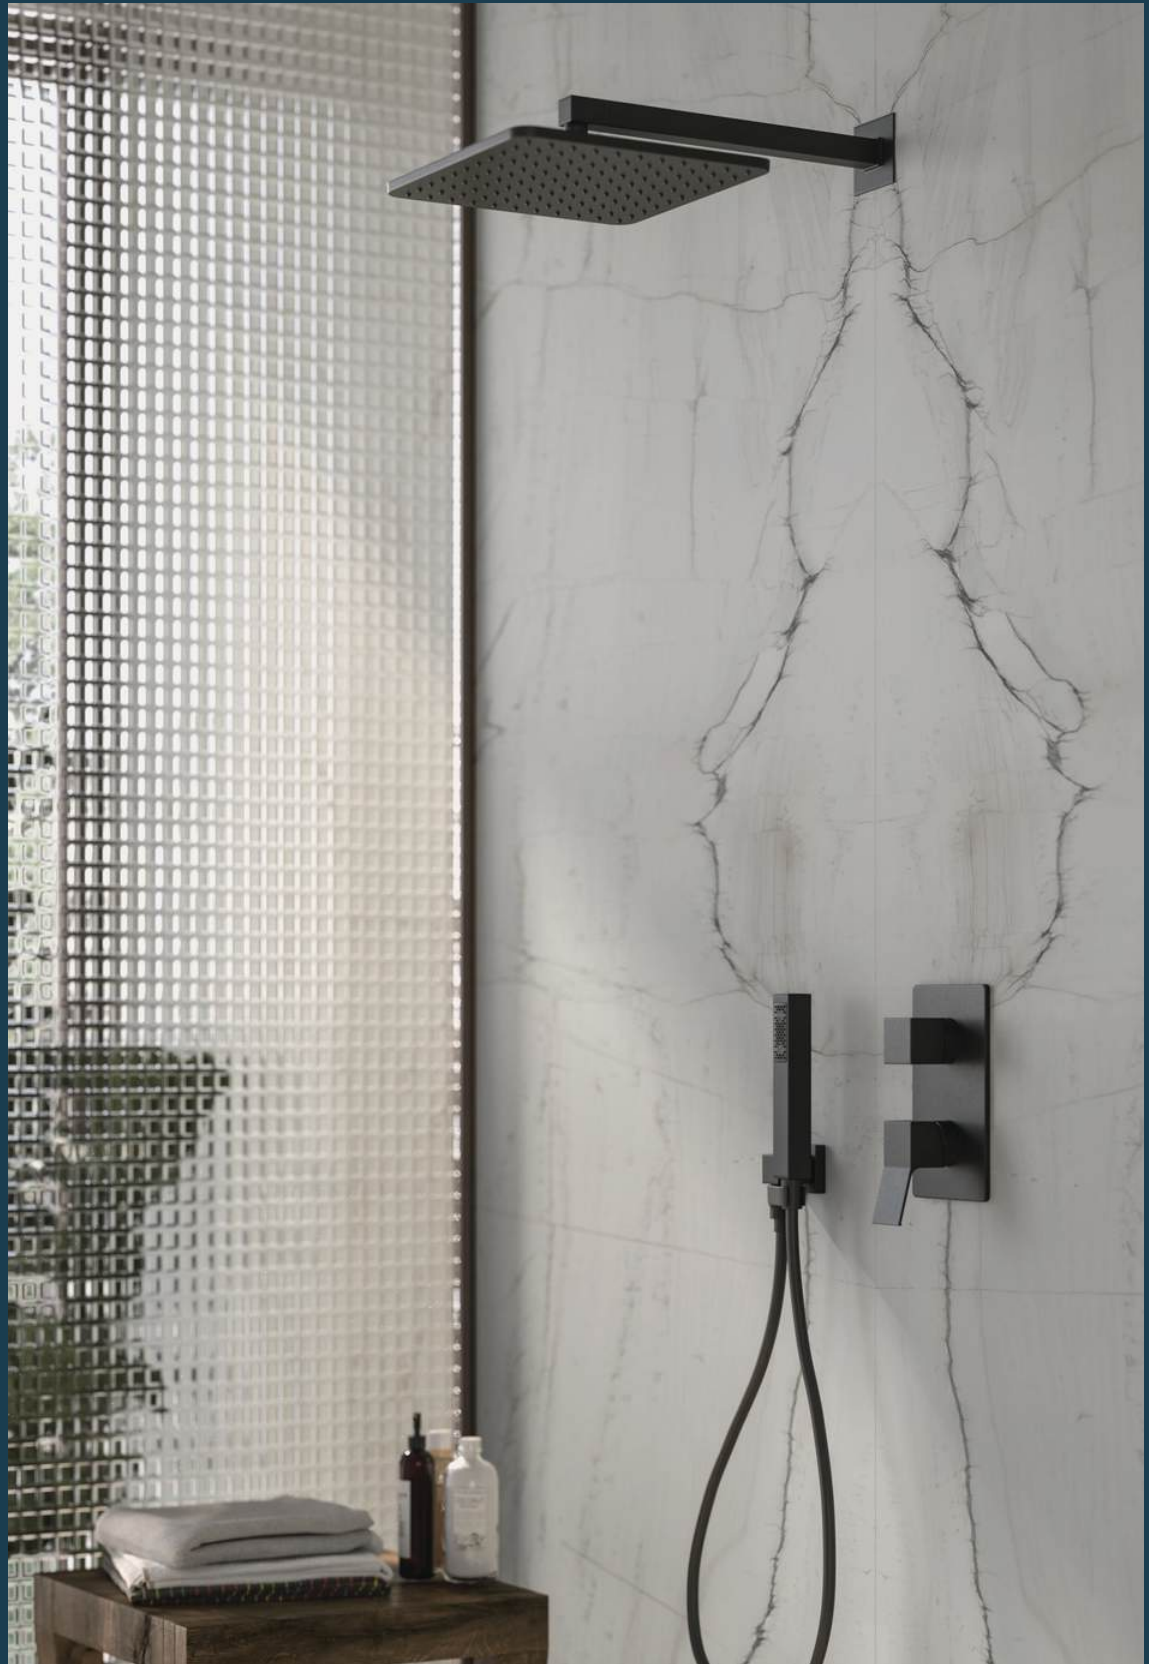

The strict uniformity of the right angle is softened by the tilted axis of the control lever, which illuminates and refines the overall design.

VENEZIA

The square line, which conveys the idea and image of the strength of a pillar, is softened by the rounded shapes of the visible ends, the spout, and the lever bringing to life the ancient dream of the impossible squaring of the circle in the bathroom.

A dark, monochromatic photograph of a modern bathroom. The scene includes a freestanding bathtub on the left, a shower area with a glass door and curtains in the center, and a vanity with a rectangular sink and a large arched mirror on the right. A potted plant is visible in the background. The overall tone is dark and sophisticated.

PRODUCT LIST

V517 – GREENJET NOZZLE 2.2

- The GREENJET 2.2 with 1/2-inch connection delivers maximum water savings while maintaining a comfortable shower experience.
- Der GREENJET 2.2 mit 1/2-Zoll-Anschluss bietet maximale Wassereinsparung bei gleichzeitig komfortablem Duscherlebnis
